## Terms That Apply to all Accounts

- Dividends will begin to accrue on the business day of deposit. Above are prospective dividend rates for the current dividend period.
- All accounts have variable dividend rates and may change as determined by the Board of Directors.
- Dividends are calculated by the average daily balance method which applies a periodic rate to the average daily balance in the account for the period.
- The average daily balance is calculated by adding the balance in the account each day of the period and dividing that figure by the number of days in the period.
- The following are examples of dividend periods. All other dividend periods follow the same pattern of dates: Monthly Jan 1-Jan 31; Quarterly Jan 1-Mar 31.
- The Board of Directors reserves the right not to pay accrued dividends if an account is closed before dividends are paid.
- Dividends are paid from current income and available earnings, after required transfers to reserves, at the end of a dividend period.
- Fees may reduce earnings.

### <sup>1</sup> Holiday Club Transaction Limitations and Terms

Withdrawals are not allowed. On the first business day of November, dividends will be paid and the entire balance of the account will be transferred to the Share Savings Account.

- If closed prior to November 1st, accrued dividends will not be paid.

### <sup>2</sup> Platinum Plus Savings

Dividends are calculated based on the average daily balance in the account. Account requires ACH direct deposit(s) totaling over \$300 to obtain the higher rate. ACH direct deposit = One or more ACH deposit totaling over \$300 in the 34 calendar days preceding the last day of the month. Income earned through self-employment or working an IRS classified "Gig Economy" job does not qualify as direct deposit.

### <sup>3</sup> Student Spend Account

- Checks will not be issued on this account.
- Paper statement fee will be assessed if not enrolled in eDocuments.
- Account not eligible for Overdraft Protection Plus.

### <sup>4</sup> High-Yield Checking Account Terms

Dividends are calculated based on the average daily balance in the account. If requirements are met, a higher rate will be paid for the first \$25,000 and a lower rate will be paid for any amounts over \$25,000. If requirements are not met, your dividend rate on your entire balance will be the lower rate. Requirements:

- You must be enrolled in eDocuments
- You must have ACH payroll direct deposit(s) totaling over \$300 in the 34 calendar days preceding the last day of the month. Income earned through self-employment or working an IRS classified "Gig Economy" job does not qualify as direct deposit.
- You must have 15 net PIN or signature point-of-sale debit card transactions over \$5 in the 34 calendar days preceding the last business day of the month. All debit card transactions must be posted one business day prior to the last business day of the month. The net is calculated by counting the number of PIN and signature point-of-sale debit card purchase transactions over \$5 and subtracting any PIN or signature point-of-sale debit card return transactions processed during that period.

<sup>6</sup> Fee does not apply to checks less than \$100, checks issued on a Wings Financial account or if account holder has matching funds on deposit.

## Posting Order of Items & Timing

To minimize overdraft and NSF charges, items post to your account as follows:

- Checks (that were written against your account) - Posted in a batch nightly from smallest dollar amount to the largest. This does not include checks brought directly into a branch for negotiation - which may be posted immediately.
- ACH Items (electronic credits and debits that you authorized) - Multiple batches are received throughout the day. For each batch - domestic credits are posted first, domestic debits are posted second from the smallest dollar amount to the largest, and foreign items are posted last. There may be a posting delay for foreign items "International ACH Transactions" (IAT's) due to OFAC list screenings.
